*** Referred to the Committee on Finance on November 2, 2000.**

Commissioner Lechowicz, seconded by commissioner Steele, moved to accept the Substitute Ordinance for Item 239533. The motion carried unanimously.

The following people offered testimony during the hearing:

- | | |
|--------------------------|---|
| 1) John Currie | President, Civic Federation (Written statement also distributed) |

| 8) William F. Wendt, Jr. | Concerned citizen |

Commissioner Lechowicz asked Tom Glaser, Chief Financial Officer, to supply the commissioners with the average cost of parking for eight hours in New York City and San Francisco, in comparison to parking in Cook County.

Commissioner Hansen asked a question on the unresolved issue of the collection of taxes by municipalities. He called attention to page 4 of the ordinance, under the exemption provision of hospital employees and medical employees, and asked if the hospital does not have a parking lot and a hospital employee pays to park elsewhere, such as in a commuter lot if there would be an exemption.

Commissioner Hansen referenced Section 4 of the Ordinance and asked if a permit will be issued by the Cook County Department of Revenue?

Barbara Bruno, Director of the Department of Revenue, responded that a registration will be issued to every owner of a parking lot who then registers as a collector of the taxes and is entitled to a one per cent commission for the collection of the taxes.

Commissioner Hansen asked if the Department of Revenue gives notice when the monies are due?

Ms. Bruno responded that notices are mailed.

In response to a question by Commissioner Hansen, Ms. Bruno commented that there are rules and banking measures on how the books will be maintained on the smaller "mom and pop" parking lots. Ms. Bruno indicated that 250 operators will have to remit the parking tax to the county. She indicated that tags or some other bookkeeping measures would be acceptable. She further stated the Cook County Department of Revenue will provide operators with rules and regulations with respect to how to maintain their books.

Commissioner Hansen asked what is the cost of collection both the County and parking lot owner?

JOURNAL OF PROCEEDINGS FOR NOVEMBER 21, 2000

Ms. Bruno responded that the cost is approximately \$125,000 and will be absorbed by the Department.

Commissioner Hansen asked if additional employees are needed? Ms. Bruno answered two additional personnel are need: a clerical person and an auditor.

Grace Colbert, Director of Budget and Management Services, stated a reallocation of two staff from offices under the President will be assigned to the Revenue Department.

President Stroger clarified that there is no net increase with the reassignment of new staff.

Commissioner Hansen inquired if a municipality refuses to collect the tax, how would the County respond?

Ms. Bruno responded if a municipality refused to collect the tax, the department would turn the matter over to the State's Attorney's Office for legal action. She indicated the tax revenue from suburban areas is projected to be approximately \$600,000.

Commissioner Collins indicated her concern about the collection process based on earlier public testimony and expressed that there should be less of burden on municipalities in the collection of the tax.

Commissioner Lechowicz, seconded by Commissioner Steele, moved that the Substitute Ordinance (Communication Number 239533), the Cook County Parking Lot and Garage Operations Tax Ordinance, be approved and adopted. Every operator shall apply for registration as a tax collector with the Department no later than 30 days after commencing business or 30 days after the effective date of this Ordinance, whichever occurs later. Application for registration shall be made to the Department by use of the form furnished by the Department for that purpose and shall contain such information as the Department may reasonably require.

SECTION 5 – MAINTENANCE OF RECORDS

(a) It shall be the duty of every operator to keep accurate and complete books and records to which the Director of Revenue shall at all times have full access. (b) Each ticket issued by an operator shall indicate the name of the operator and the address of the parking lot or garage upon or in which the motor vehicle is parked. Unless the parking lot or garage is equipped with an automated ticket dispenser which triggers the opening of a gate, tickets shall consist of three parts; one part shall be issued by the operator to the recipient, one part shall be retained by the operator, who shall indicate on the back thereof the time of arrival and departure of the motor vehicle, and one part shall be attached to the parked motor vehicle for the purpose of identification. All three-part tickets shall contain the same serial number on each part of the ticket.

Tags shall be issued by the operator in numerical sequence.

(e) The operator shall keep a book record of all tags issued, showing each tag's date of issuance, identification number and parking charge imposed. The operator shall remove, or cause to be removed, and shall void each tag at the end of the week, month or other applicable period, and shall cause a new tag to be attached to the motor vehicle at the beginning of each new period.

SECTION 7 – TAX REMITTANCE AND RETURNS; COMMISSION

(a) On or before the last day of each calendar month, every operator shall file with the Department of Revenue a remittance return and remit all tax due for the preceding calendar month. The return shall be filed on a form prescribed by the Director of Revenue, containing such information as the Director of Revenue may reasonably require.

(b) Operators may retain a commission of one percent of the parking tax they collect to reimburse themselves for expenses incurred in connection with collecting, accounting for and remitting the tax. This commission shall not be allowed for taxes not timely remitted to the Department of Revenue or for periods during which an operator is not in compliance with the tickets, tag or receipt requirements contained in this Ordinance.

(c) In addition to any other information required by the Director of Revenue, every operator shall report on the remittance return the total amount of charges collected from recipients during the preceding calendar month for the privilege of parking a motor vehicle in or upon a parking lot or garage located in Cook County.

The following is a synopsis of the Proposed Resolution:

PROPOSED RESOLUTION

TO ESTABLISH THE LEAD POISONING PREVENTION FUND

Whereas, PA 90-778 authorizes the County Board to determine that funds in excess of the amount needed to satisfy claims against the Torrens Indemnity Fund exist in the Torrens Indemnity Fund, and further authorizes the County Board to establish a Lead Poisoning Prevention Fund with such excess funds; and

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COOK COUNTY COMMISSIONERS THAT:

1. Based upon the findings set forth in the PricewaterhouseCoopers actuarial report, it is hereby determined that \$6,556,173 should be retained by the Torrens Indemnity Fund to satisfy claims which may be brought over the remaining life of the Fund which expires July 1, 2037, and that the balance of the Torrens Indemnity Fund as of November 30, 1998, of \$28,455,330 be deemed in excess of the needs of the Torrens Indemnity Fund.

TO ESTABLISH THE LEAD POISONING PREVENTION FUND

Whereas, PA 90-778 authorizes the County Board to determine that funds in excess of the amount needed to satisfy claims against the Torrens Indemnity Fund exist in the Torrens Indemnity Fund, and further authorizes the County Board to establish a Lead Poisoning Prevention Fund with such excess funds; and

Whereas, to determine whether excess funds exist, PricewaterhouseCoopers conducted an actuarial study of the Torrens Indemnity Fund and issued a report dated October 19, 1999; and

JOURNAL OF PROCEEDINGS FOR NOVEMBER 21, 2000

Whereas, the PricewaterhouseCoopers report projects future claims against the Torrens Indemnity Fund using several methodologies, the most conservative of which, projects future exposure at \$6,556,173 over the remaining life of the Torrens Fund which ends on July 1, 2037; and

Whereas, the PricewaterhouseCoopers report finds that, as of November 30, 1998, the Torrens Indemnity Fund had a balance of \$35,011,503, deducting for claim reserves, an amount of approximately \$28,000,000 could be determined as excess of need; and

Whereas, PA 90-778 provides that should the County Board determine that excess funds exist in the Torrens Indemnity Fund, the Board may establish a Lead Poisoning Prevention Fund and transfer not less than 50% of the excess monies to such fund; and

Whereas, PA90-778 provides that the principal of the Lead Poisoning Prevention Fund be used to provide financial assistance to owners of residential property within the county to pay costs associated with lead mitigation and lead abatement through loans, grants, or other assistance as the county deems appropriate, and further that any interest which accrues on investment of the Fund's principal may additionally be used to fund other lead poisoning prevention activities, such as education, community outreach and other activities the county deems appropriate for prevention of lead poisoning; and

Whereas, establishment of an effective countywide lead prevention program requires the advice and counsel of community leaders and professionals.

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COOK COUNTY COMMISSIONERS THAT:

1. Based upon the findings set forth in the PricewaterhouseCoopers actuarial report, it is hereby determined that \$6,556,173 should be retained by the Torrens Indemnity Fund to satisfy claims which may be brought over the remaining life of the Fund which expires July 1, 2037, and that the balance of the Torrens Indemnity Fund as of November 30, 1998, of \$28,455,330 be deemed in excess of the needs of the Torrens Indemnity Fund.
2. A Lead Poisoning Prevention Fund be established in accordance with PA 90-778, and that \$14,227,665 be transferred as the opening principal amount of the Lead Poisoning Prevention Fund. In addition to the principal amount, all interest earnings which have accrued on such amount from November 30, 1998 to date shall also be transferred to the Lead Poisoning Prevention Fund.
3. After deductions for the Torrens claim reserve amounts and the Lead Poisoning Prevention Fund, the remaining balances of the Torrens Indemnity Fund shall be transferred to the County's General Fund to be used as the County Board deems appropriate for purposes which benefit owners of real property in the county in accordance with PA 90-778.
4. The President of the Cook County Board of Commissioners is authorized to establish a Lead Prevention Program and a Lead Prevention Advisory Council. The members of the Council shall advise the President on Program guidelines and make recommendations for funding lead poisoning prevention activities to be funded by the Lead Poisoning Prevention Fund.

JOURNAL OF PROCEEDINGS FOR NOVEMBER 21, 2000

Ladies and Gentlemen:

Your Committee on Audit of the Board of Commissioners of Cook County met pursuant to notice on Wednesday, October 18, 2000 at the hour of 10:30 A.M. in the Board Room, Room 569, County Building, 118 North Clark Street, Chicago, Illinois.

Your Committee has considered the following items and upon adoption of this report, the recommendations are as follows:

Following the call of the meeting, Chairman Daley stated that questions had been submitted to various departments and elected officials on the agenda items. The Chairman requested copies of the questions and responses be submitted to the Secretary to the Board and placed in the record as attachments to the Committee's report. (The referenced documents are on file in the Office of the County Clerk.)

The Chairman then proceeded to the first item on the agenda.

229246 BUREAU OF FINANCE, by Thomas J. Glaser, Chief Financial Officer. Transmitting a Communication dated June 21, 1999:

SUBJECT: COMPREHENSIVE ANNUAL FINANCIAL REPORT FY 1998

Enclosed please find a copy of our FY 1998 Comprehensive Annual Financial Report (CAFR) prepared by Arthur Andersen LLP. I am hereby requesting the opportunity to discuss this report with the Audit Committee of the Board of Commissioners.

Referred to the Audit Committee on June 22, 1999.

Commissioner Hansen, seconded by Commissioner Butler, moved to receive and file Communication No. 229246. The motion carried.

233736 COOK COUNTY BOARD OF COMMISSIONERS, by John H. Stroger, Jr., President, submitting a Communication, dated January 5, 2000:

Subject: Arthur Andersen's "Memorandum on Internal Control Structure" dated November 30, 1998. I am hereby requesting that this item be referred to the Audit Committee of the Board of Commissioners for further discussion.

Referred to the Audit Committee on February 2, 2000.

In response to Commissioner Hansen's question regarding development of a specific funding plan to reduce the deficit in the self-insurance fund, Tom Glaser stated that a comprehensive review of the self-insurance fund had been completed and that the President would be presenting a plan to the Board.

In response to Commissioner Hansen's question regarding the status of the "special review of Employee Withholding Taxes" for compliance, John Chambers stated that the special review had been completed by Price Waterhouse Coopers and that the county should be receiving a written report of their findings very soon.

JOURNAL OF PROCEEDINGS FOR NOVEMBER 21, 2000

In response to Commissioner Hansen's question regarding if the Department of Corrections was still making cash disbursement from the Inmate Welfare Fund for purchasing inmates eyeglasses, James Lee stated that the Department is still using the fund for this purpose. Mr. Lee stated that the auditor's original recommendation was for the Department of Corrections to ask Cermak Health Services for the funds to purchase these items. However, he noted that these services have historically been paid for through this fund and since the services benefit and support the general population of the jail, the Department believes it is a proper use of the fund.

In response to Commissioner Hansen's question regarding how many inmates benefit from the service, Mr. Lee stated approximately 3,600 of 100,000 inmates annually receive eyeglasses at a cost of \$20.00, which are provided by the Illinois Prison Industries.

In response to Commissioner Hansen's question regarding if the auditor, Arthur Andersen, still had a problem with this use of the fund, Gary Fink stated it was only a recommendation for the county to consider using another fund for such services. Mr. Fink concluded there was currently no problem regarding the use of the fund for these services.

In response to Commissioner Hansen's question regarding the status of the county's general investment policy, Tom Glaser stated that the Administration was currently reviewing the "Taxpayers' Interest Assurance Ordinance," which addresses collateralization levels and presently requires 110 percent collateralization. Mr. Glaser stated that one possible recommendation would be to lower this from 110 percent to 102 percent, since it is the standard collateralization level that most of the insurance covering behind the county's bond issues require.

In response to Commissioner Hansen's question regarding a target date for the Board to receive the collateralization and investment policy recommendations, Tom Glaser stated that the report on collateralization would be presented to the Board in the 1st quarter of fiscal year 2001. Mr. Glaser also assumed that a recommendation to the Board from the Treasurer's Office and Administration on a Countywide Investment Policy would also be presented at this time.

Commissioner Hansen, referring to the auditor's recommendation regarding Administered Funds asked if there had been any legal opinion requested or received from the State's Attorney's Office relating to the various funds outside the county treasury that are being held and administered by county elected officials and departments. Commissioner Hansen stated he was interested in reviewing such an opinion to determine whether the receipt and expenditures of these funds were subject to statutory provisions calling for court fees and/or fines to be remitted to the County Treasurer and held in special funds that are subject to the standard county procedures of disbursement through budgetary authority of the Board and accountable through requests for Board approval of purchasing bids, contracts and payment of invoices.

Tom Glaser stated he did not have information before him on this recommendation and was not aware of any request for a legal opinion.

Commissioner Hansen stated it would be helpful for the Audit Committee members to receive annually a list of such funds, with the elected office or county department who holds and administers them and their annual dollar volume. Commissioner Hansen asked if such information would be possible to receive, since the Audit Committee is ultimately responsible for reviewing the audits and confirming proper use of all county funds.

Chairman Daley stated that he would look into this question with the State's Attorney and Auditor.

Commissioner Hansen, seconded by Commissioner Butler, moved to receive and file Communication No. 233736. The motion carried.

3. Clerk of the Circuit Court – Child Support Enforcement Division, Financial Report for the year ended November 30, 1997, by Laura A. Burman, County Auditor.

Submitted to the Audit Committee on October 19, 1999

Deferred at the October 26, 1999 meeting.

Deferred at the January 25, 2000 meeting.

Commissioner Hansen, seconded by Commissioner Goslin, moved to receive and file Item 3. The motion carried.

4. Cook County Sheriff's Police Department – Internal Warrant Information Computer (IWIC) System, Application Control Review as of December 1998, by Laura A. Burman, County Auditor.

Submitted to the Audit Committee on February 28, 2000.

In response to Commissioner Hansen's question regarding if access by external agencies to the IWIC system had been resolved, Ernest Neely stated that access had been re-established with additional security by means of new passwords required every 30 days and internal monitoring by MIS of activity in the system.

In response to Commissioner Hansen's question regarding the consolidation of arrest/warrant data entry functions between the Clerk of Circuit Court's system and the Sheriff's IWIC system, Ernest Neely stated that the Sheriff's Office is ready but the Chief Information Officer is still working with the Clerk of the Circuit Court regarding their computer system. Mr. Neely stated that once this is resolved the Cook County Sheriff's Police Department and the Chicago Police Department could go "on-line" with the Clerk's criminal data system. He concluded that when this was done, arrest/warrant information could be linked to the suburban law enforcement agencies, with the LIVESCAN and CHRIS system being used as an easy mechanism for implementing a combined criminal/court data storage system for all County agencies.

Chairman Daley commented on his concern regarding arrests based on erroneous warrants that have resulted in increased costs approved each month on the Finance Agenda. Chairman Daley asked if the Sheriff's Office was in compliance with the May 12, 2000 target date for implementing active warrant reconciliation procedures. Ernest Neely stated that the Sheriff's Office did meet that compliance date. However, he stated the law enforcement and criminal court data systems are still not fully consolidated since the Clerk of the Circuit Court's system is still not connected to the IWIC system.

On the same issue, Cathy Maras stated that she was working with the Sheriff's Office and Circuit Court Clerk's MIS department. She stated that when the Clerk of the Circuit Court's database is placed on the county's mainframe it would take no more than 30 days to connect the Sheriff's IWIC system with the Clerk of the Circuit Court's criminal data system.

Chairman Daley stated that the Audit Committee would follow-up with a letter to the Clerk of the Circuit Court, the Sheriff and Chief Information Officer requesting information in writing on the status of data entry reconciliation and a target date for implementing a more accurate and efficient means of storing and sharing arrest/warrant information on all persons that have criminal contact with law enforcement agencies and the criminal court systems.

JOURNAL OF PROCEEDINGS FOR NOVEMBER 21, 2000

Commissioner Hansen, seconded by Commissioner Butler, moved to receive and file Item 4. The motion carried.

5. OFFICE OF THE STATE'S ATTORNEY, by Richard A. Devine, Cook County State's Attorney, submitting a Communication, dated March 31, 2000:

SUBJECT: State Narcotics Forfeiture Fund and Narcotics Forfeiture Fund, Independent Auditor's Reports on the Statement of Revenues Collected, Expenditures Paid and Changes in Fund Balances for the year ended November 30, 1998.

Enclosed please find two independent auditor's reports dated December 3, 1999, from Bansley and Kiener, L.L.P., Certified Public Accountants. I respectfully request that these reports be received and filed by the Audit Committee.

Submitted to the Audit Committee on March 31, 2000.

Commissioner Hansen made positive remarks on the two independent auditor's reports for the Narcotics Forfeiture funds and commended the State's Attorney for requesting and providing this information to the Board.

Commissioner Hansen, seconded by Commissioner Butler, moved to receive and file Item 5. The motion carried.

6. Department of Environmental Control – Fee Accounts, Financial Report for the year ended November 30, 1998, by Laura A. Burman, County Auditor.

Submitted to the Audit Committee on April 24, 2000.

Commissioner Goslin, seconded by Commissioner Butler, moved to receive and file Item 6. The motion carried.

7. Department of Supportive Services – Adoption, Witness and Travel Fees, Financial Report for the year ended November 30, 1999, by Laura A. Burman, County Auditor.

Submitted to the Audit Committee on July 26, 2000.

In response to Commissioner Hansen's question regarding why the County doesn't bring the 20 cents/mile travel fee in line with the IRS figure that is presently around 32 cents, Marilyn Zmigrocki stated that this fee is set by Illinois Statutes, 705 ILCS 35/4.3.

Commissioner Hansen requested information from Pat Driscoll, with the State's Attorney's Office, regarding if the county could increase this fee under its home rule authority.

Commissioner Hansen, seconded by Commissioner Butler, moved to receive and file Item 7. The motion carried.

8. Clerk of the Circuit Court First Municipal District – Fees, Fines, Costs and Trust Funds, Financial Report for the year ended November 30, 1998, by Laura A. Burman, County Auditor.

Submitted to the Audit Committee on July 26, 2000.

JOURNAL OF PROCEEDINGS FOR NOVEMBER 21, 2000

10. Clerk of the Circuit Court Various Divisions – Fees, Fines, Costs and Trust Funds, Financial Report for the year ended November 30, 1998, by Laura A. Burman, County Auditor.

Submitted to the Audit Committee on July 26, 2000.

In response to Commissioner Hansen's question regarding the target date for resolving posting errors and maintenance concerns of accounts in the automated general ledger system, George Rada stated that he did not currently have a target date for resolving this matter. Mr. Rada stated in order to give an accurate target date for the correction, the Clerk of the Circuit Court's staff first needed to meet with the County Auditor and Arthur Andersen to obtain the necessary account adjustments.

In response to Commissioner Hansen's question regarding the target date for resolving account balances over 9 years old, George Rada stated that the office is working with the County Auditor to obtain the necessary adjustment and not until that time could the office give an accurate target date for completion.

In response to Commissioner Hansen's question regarding if the fee accounts had been reduced by the amount of the returned checks, George Rada stated this had been completed.

In response to Commissioner Hansen's question regarding if the Office had pinpointed who or what was creating the numerous posting errors, George Rada stated the errors occurred during the conversion of old accounts using the manual general ledger to the automated ACCPAC general ledger system. Mr. Rada stated the Office is currently working on resolving this issue.

Chairman Daley agreed with Commissioner Hansen's concern related to accountability for posting errors and asked if this was something that will be resolved in the 1999 audit of the general ledger. George Rada stated this issue would not be a problem in future audits.

In response to Commissioner Hansen's question regarding if the analysis of Fiscal Year 1999's variance had been completed, George Rada stated it had not yet been completed and gave a target date of November 30, 2000.

In response to Commissioner Hansen's question regarding if the review of the disbursements from accounts had been completed and what were the findings of this review, George Rada stated that this issue had not yet been completed and needs to be reviewed with the County Auditor and Arthur Andersen.

In response to Commissioner Hansen's question regarding if the Circuit Clerk's Office had met with the State's Attorney's Office as recommended and provided the Auditor with a memo detailing the results of that meeting, George Rada stated the Office had not yet met with the State's Attorney's Office, but will shortly and anticipated completion by November 30, 2000.

Commissioner Butler, seconded by Commissioner Goslin, moved to receive and file Items 8, 9 and 10. The motion carried.

Old Business:

On a matter of old business, Commissioner Hansen had a follow-up question to a March 8, 2000 response to Chairman Daley's February 28, 2000 letter from the Bureau of Health Services regarding the January 25, 2000 Audit Committee Meeting. Commissioner Hansen's inquiry related to an aging schedule for the Bad Debt write-off for 1995 and prior years, and on the depreciation policy used by the Bureau of Health Services.

In response to Commissioner Hansen's question on how the county could eliminate Bad Debt, Alvin Holly stated that as a public hospital serving 1.1 million patients annually, with 900,000 of those having no health insurance, Bad Debt would always be a factor in a public healthcare system. Mr. Holly noted that this problem is compounded with the recent passage of State and Federal laws that have resulted in an increased population of 40 million uninsured men, women and children in the United States, and current Federal proposals that would result in decreased funding for Medicare/Medicaid reimbursements to hospitals and healthcare agencies that serve indigent patients. However, Mr. Holly confirmed that the Cook County's Bureau of Health Services uses collection agencies in an attempt to lower the uncollected debt due to delinquent payment for services to the uninsured and remains very aggressive in its efforts to obtain health insurance for all its patients.

In response to Commissioner Hansen's question on the amount of non-depreciated value to be lost in the Cook County Hospital main building with construction of a new County Hospital, Alvin Holly stated that the Main Building and its improvements will be fully depreciated in 2001 and the New County Hospital scheduled to open in 2002. Therefore, he confirmed that all depreciated value would be properly accounted for.

Vice Chairman Goslin moved to adjourn the meeting, seconded by Commissioner Butler. The motion carried and the meeting was adjourned.

Respectfully submitted,

Chairman Moran stated that letters were received from the Bureau of Health and the Bureau of Human Resources and should be placed in the record. (The referenced documents are on file in the Office of the County Clerk.)

Commissioner Hansen asked if there was a representative from the Bureau of Health?

Chairman Moran responded that there was no one present from the Bureau of Health.

Commissioner Hansen asked for a response from Mark Kilgallon regarding Ruth Rothstein's request that the Board consider a provision that would permit the Bureau of Health to waive the residency requirement for categories of workers who are in short supply.

Mark Kilgallon, Chief, Bureau of Human Resources, stated that he had spoken to Ruth Rothstein and she has asked that the waiver request be withdrawn.

Commissioner Hansen suggested to the Chairman that Ruth Rothstein should put this new information in writing. He further said he favors the proposal sponsored by Commissioner Sutker and he asked for the deferral at the last meeting in order to receive more detailed information.

Mark Kilgallon stated that he will get the request in writing.

Mark Kilgallon stated that the Bureau of Human Resources oversees approximately fifteen thousand of the County's employees, which means that an additional twelve thousand employees do not come under the jurisdiction of the Bureau. He commented that his statements regarding Cook County hiring practices only pertain to about sixty plus percent of the total number of employees. He further stated that elected officials have been notified of today's meeting and were asked to attend the meeting to address any questions or concerns regarding the proposed ordinance. He stated that he wanted to make it clear that he is only speaking for those departments under the President and the Bureau of Health, and not a large part of the County that is not overseen by the Bureau of Human Resources.

Mr. Kilgallon stated that the Bureau of Human Resources surveyed a number of jurisdictions including collar counties, and the majority of the counties do not have a residency ordinance. Will and McHenry counties, however, do have ordinances.

Mr. Kilgallon further said the Bureau of Human Resources does not know what the impact the ordinance will have on Cook County. He stated the Bureau will be able to do some analysis but because of the size of the Cook County and its diversity, Human Resources cannot make the assumption that there will be problems because some other jurisdictions are having problems. He continued by saying Human Resources did a quantitative analysis on what impact the ordinance would have if everyone agreed to move back into Cook County, and the assumption is there would not be an impact. However, if one person does not move back into Cook County because of the residency requirement, then there still would be a cost factor whether it means going to the second person on the eligibility list or whether it means reposting and possibly doing more testing that would result in a fiscal impact to the county.

JOURNAL OF PROCEEDINGS FOR NOVEMBER 21, 2000

He stated that the fact of having county employees supporting county businesses, supporting county schools, paying property taxes and living in the county, and benefits that have a financial gain to Cook County.

Commissioner Hansen asked if there are articles or studies that have been done on the proposed residency ordinance?

Mark Kilgallon responded that the Bureau of Human Resources is seeing some problems, which is one of his concerns. He said the Bureau has not seen positive stories, and the county would have to look at other jurisdictions that are having success with residency requirements.

Commissioner Hansen stated that a well-written article will look at both sides of the matter-the cost benefits and the cost disadvantages.

Mark Kilgallon stated he has one article he will distribute to the committee that addresses Commissioner Hansen's request.

Commissioner Hansen asked what is the position of the administration on the residency ordinance?

Mark Kilgallon responded that the administration supports the ordinance.

Commissioner Carr stated that the residency ordinance will have an impact on the county, and it is tough when someone makes his or her living in Cook County and pay taxes elsewhere. Personally, he stated that the ordinance is not a bad thing.

Mark Kilgallon stated that anyone who applies for a position with the City of Chicago, must show that they are a resident of the City of Chicago, which could limit recruitment. Mr. Kilgallon stated that the State's Attorney's Office needs to look at the present language on the County's ordinance. He further stated that he believes it would still allow the county to recruit from outside the county as long as they have an established residency in Cook County by the time of employment. He continued by saying that occasionally a national search would need to be done for an expert and there currently is no stipulation in the ordinance. The City of Chicago allows several months for new employees to establish residency within the City after they are selected by a committee for specific positions. The residency ordinance before the committee does not indicate those specifics and would be subject to interpretation on when it actually goes into effect-whether by application or by employment.

Commissioner Hansen asked if there is language amending the ordinance to allow a period of time for an employee to move into Cook County?

Mark Kilgallon stated that he can provide the committee with language, but the amendment has not been discussed with the sponsor of the ordinance.

Commissioner Sutker stated that as sponsor of the ordinance, his intention was that residency would be required upon employment and not upon application. He stated that Section 3 in the ordinance clearly states the provision. He also said that Cook County wants a commitment from County employees as part of their employment. Commissioner Sutker read portions of a Chicago Tribune newspaper article in support of the proposed ordinance into the record.

JOURNAL OF PROCEEDINGS FOR NOVEMBER 21, 2000

Commissioner Butler stated he believes the reason for the proposed ordinance is because there are employees who work for Cook County and live outside the county who are not paying property taxes. He suggested a better idea would be to have a Cook County Employment Tax. He stated he finds it difficult to tell people where they must live in order to be employed. He closed by saying that the ordinance is bad policy and it destroys the concept of a regional form of government.

Commissioner Hansen restated his earlier requests. He concluded by saying that if the administration believes the ordinance should include a contingency to allow employees a period of time to move into Cook County, the commissioners should receive the suggested language before the board meeting.

Commissioner Moreno stated he agrees with Commissioner Butler, but he thinks the ordinance is not necessary and believes the county can scrutinize employment applications no matter where the applicant resides, provided they are qualified.

Commissioner Sims stated that the county should look at making exceptions and amendments if the county begins to loose valuable employees or highly qualified applicants. The commissioner said she believes the county should "leave the door open."

Commissioner Hansen moved approval of Item 235458, seconded by Commissioner Carr.

Commissioner Hansen called for a Roll Call, the votes of yeas and nays being as follows:

ROLL CALL ON MOTION TO APPROVE ITEM 235458

Yeas: Chairman Moran, Commissioners Carr, Hansen and Sims (4)

Nays: None (0)

Present: Commissioner Moreno (1)

Absent: Vice Chairman Schumann and Commissioner Maldonado (2)

Divided: None (0)

The motion to approve CARRIED.

Commissioner Sims moved to adjourn the meeting, seconded by Commissioner Moreno. The motion carried and the meeting was adjourned.

Commissioner Moran, seconded by Commissioner Sutker, moved to defer consideration of the Report of the Personnel Compliance Committee to the December 5, 2000 Board meeting. **The motion carried unanimously.**
